

VILLAGE OF HYDE PARK
ELECTRIC DEPARTMENT
SECURITY LIGHT RATE

COMPANY DESIGNATION:

Sec. Lt.

AVAILABILITY:

To be available for security lighting purposes and billed to customers within the Village of Hyde Park Electric Department ("Hyde Park") service territory for Hyde Park-owned or Customer-owned street lighting equipment. Mercury vapor security lighting is not available..

TERMS:

Service will be supplied on a monthly basis. Relocations requested by the customer will be made at customer expense. The Electric Department will replace burned out lamps during normal working hours. The Electric Department reserves the right to meter a representative individual lamp and render a monthly bill based on the monthly reading multiplied by the number of fixtures in service.

HOURS OF OPERATION

Security lights which are photo-cell controlled shall be operated from one-half hour after sunset until one-half-hour before sunrise, a total of approximately 4,294 hours each year.

HYDE PARK-OWNED STREET LIGHT EQUIPMENT ON HED POLES :

MONTHLY RATE:

High Pressure Sodium

100 Watt \$10.25 per fixture.

LED

30 LED 55Watt \$5.03 per fixture.

Hyde Park reserves the sole right to determine the end of a street lighting fixture's useful life.

CUSTOMER-OWNED SECURITY LIGHT EQUIPMENT ON CUSTOMER-OWNED POLES

On Customer owned poles, 1) the Customer will furnish and install all poles and associated equipment either overhead or underground with specifications subject to Hyde Park's prior approval or 2) the Customer may request Hyde Park to install, in compliance with Hyde Park standards, all poles and associated equipment based on a time and material bid price. All equipment must be photo-cell controlled. The Customer shall be responsible for maintaining the Customer-owned portion of the streetlight system.

Hyde Park will supply unmetered electric energy for Customer-owned outdoor photo cell controlled security lighting equipment (based on 4,294 hours of operation per year) at the rates set forth below. The monthly kWh for photo-cell controlled lighting equipment is based on the total nominal wattage of the equipment, multiplied by the annual estimated hours of operation, divided by 12 months to determine an average monthly kWh use. A customer must complete an application providing the type of light(s), total wattage of each type of light, number of each type of light being installed and general specifications, instructions, dimensions, etc. that apply to the equipment. No billing adjustments will be made for individual service outages. The Customer is responsible to provide proper and timely maintenance to ensure that photovoltaic cell controls operate properly and equipment is maintained to minimize outage time. Hyde Park reserves the right to discontinue service upon notice under this rate if the system is not properly maintained.

MONTHLY SERVICE RATE: (Payable in U.S. Currency)

MONTHLY ENERGY RATE

\$0.11758 per kWh (based on the average monthly kWh use described above)

CUSTOMER-OWNED SECURITY LIGHTING EQUIPMENT ON HYDE PARK OWNED POLES

A customer requesting installation of customer-owned lighting on Hyde Park-owned poles shall supply all equipment specifications for Hyde Park approval prior to purchase and installation. Hyde Park, or Hyde Park designated contractor, shall install customer owned lighting systems on Hyde Park poles at the customer's expense. Installation charges shall be on an actual time and materials basis during normal business hours. The customer is responsible for providing all of the lighting equipment and appurtenances required to install the fixtures on the poles. Hyde Park will maintain customer owned lighting systems on Hyde Park poles on an actual time and materials basis. The customer is responsible for supplying all

necessary materials, including any required inventory, as Hyde Park does not stock material for customer owned systems. Hyde Park shall own and maintain all poles, wires, and other equipment and apparatus necessary for supplying voltage to customer owned lighting systems on Hyde Park poles.

Hyde Park will supply unmetered electric energy for Customer-owned outdoor photo cell controlled security lighting equipment (based on 4,294 hours of operation per year) at the rates set forth below. The monthly kWh for photo-cell controlled lighting equipment is based on the total nominal wattage of the equipment, multiplied by the annual estimated hours of operation, divided by 12 months to determine an average monthly kWh use. A customer must complete an application providing the type of light(s), total wattage of each type of light, number of each type of light being installed and general specifications, instructions, dimensions, etc. that apply to the equipment. No billing adjustments will be made for individual service outages. Hyde Park will provide proper and timely maintenance to ensure that photovoltaic cell controls operate properly and equipment is maintained to minimize outage time at the Customer's cost..

If lighting equipment owned by the customer must be replaced as a result of vandalism, accident or any other cause, the customer shall pay to Hyde Park the cost of removal of the existing equipment and the cost of replacement equipment including installation costs. The customer shall provide necessary materials and pay for labor and other costs necessary for maintenance and repairs above and beyond lamp and photo cell maintenance, including repairs and/or the replacement of damaged lighting equipment, regardless of the cause, nature or extent of physical damage. The customer agrees to hold Hyde Park harmless from any damage or injury relating to the customer owned equipment.

MONTHLY SERVICE RATE: (Payable in U.S. Currency)

MONTHLY ENERGY RATE

\$0.11758 per kWh (based on the average monthly kWh use described above)

CUSTOMER REQUESTED CONVERSION OF EXISTING STREET LIGHTING EQUIPMENT OR SERVICE.

Hyde Park shall have the right to require those Customers requesting modification or replacement of existing Street Lighting Equipment with alternative equipment or services to reimburse Hyde Park for the un-depreciated cost of the equipment being converted or replaced, plus all costs, including make-ready costs, not recovered in the monthly charge for the alternative lighting or service. Reimbursement

shall take place prior to conversion or removal of existing equipment. For purposes of this rate, LED street lighting and replacement of Hyde Park-owned lighting with customer-owned lighting on Hyde Park poles shall be considered to be alternative lighting equipment.

For each lamp requiring the installation of a wooden pole (not to exceed 35 feet in height) the charge shall be \$9.26 per month in addition to the applicable monthly rate per fixture.

BILLING AND PAYMENT:

The above rates are net, billed monthly and payable upon presentation of bill. Such other terms and conditions of the Village of Hyde Park Electric Department, in effect from time to time, are a part of this rate. When not paid by the due date, which will be 30 days from date of the bill, service is subject to disconnection.

PENALTY CHARGE:

A penalty charge of 1% shall be assessed on delinquent balances. An amount will be considered delinquent if not paid by the due date shown on the bill.

EFFECTIVE:

To be effective with service rendered on or after September 1, 2019.
